Ladies and Gentlemen of the Association:

As the current Member Services Coordinator of OKSPPSA, I, Ryley McGee, am presenting my letter of intention to campaign as the Vice President of our State Process Server Association here in Oklahoma.

While serving in Oklahoma since 2015, I have not only served papers but I have worked in almost every other facet of the business. Through most of this time, many years were spent driving and many were spent learning and growing. I have and currently manage several process servers in the U.S. and exchange work out to other states regularly. I do business under RMM Service of Process, LLC out of Blanchard and cover about a 60 mile radius, personally.

Oklahoma Laws are volatile and our profession will continue to evolve. Working with Ann this past year and meeting all our great members, I have decided to take a larger role in our state association.

As Vice President of the Association, I will prove to strive in assisting our process servers in **EVERY WAY POSSIBLE** and grow our association with servers from all over Oklahoma and the Nation. Along with this, I would like to see our businesses grow more prosperous and get more work out in the field for everyone from new clients. At the same time, I would like to assist in legislation of laws that apply to us directly and keep us safe and ensure we are all being treated fairly and remain able to do our jobs safely and without worry of losing our professions.

Many state associations are not lucky like us to have such a strong and effective President as Ann Pollard. Her leadership and legislation in the past decade has been uncanny and I cannot thank her enough for her wealth of knowledge, experience and passion. I hope to be at least half the leader she has been and am ready to prove it.

I look forward to counting on support from everyone in our association. If you have any questions or would like to show your support or displeasure, please feel free to shoot me (AND ANN) an email at rmmssop@gmail.com.
